

How Do I Qualify for FlowFunding™?

If you meet these basic requirements, there is a 90% chance of approval (qualifying for a **Business Loan** is much harder):

- Must be in business a minimum of three months (*some exceptions apply.*)
- Currently accept Visa and MasterCard credit cards with a minimum of \$3,000 per month of processing volume.
- Must be a retail business, Service Company or restaurant (*Sorry, no home-based, Internet, Adult businesses.*)
- Can provide **four months** of Visa and MasterCard processing statements.

We'll give you your approval within **24-48 hours**. With this approval you can receive cash directly in your bank account in as little as 5 business days (6-7 typical.) And once you have established a relationship with us you will have the opportunity to access to additional capital in the future.

With **Business Capital Advance**, How Much Money can I Get? [Determining the amount](#) requires completion of a [tiny online application](#) and faxing of four months' Visa and Mastercard processing statements to our [secure fax](#) system. We'll prepare your FlowIndex report, absolutely free of cost and obligation.

This is quite refreshing from the *business loan applications* you may have seen in the past! The data you provide will allow us to determine qualifying amount, the payback terms, and discount terms. This will also be your opportunity to talk with a professional financial advisor. Again, sharing some specific information will allow for specific answers to help you make your decision.

[Let Us Determine How Much Working Capital We Can Get for You - It's Free](#)
